UPCOMING CLUB ACTIVITIES:

**NATIONAL NIGHT OUT**
Tuesday, August 3
5:00 - 8:00 pm
Rollins Park, Concord

The Club has received an invitation to participate in this summer’s National Night Out event. This year, as in years past, numerous businesses/non-profits from around the community will set up booths to make people aware of the services they provide as well as the projects they are involved in. As many of you know, we have participated for a number of years in this event providing awareness on various issues such as violence against women, and the last one was around bullying in the schools. The Service Committee and Board have agreed to participate once again.
This year we thought we would bring awareness to the COVID vaccine and how important it is to get vaccinated since the young adults and children have or will be able to get vaccinated in the near future—hopefully. We have a number of “Can’t Wait to Vaccinate” and some “Got the Shot” pins that will be given out. Yes, Rosie is the graphic on these pins but we could educate the attendees on what she represented and why we are using her now...a twofer.
We have some pins & stickers that say “I run like a girl, try to keep up” which we will offer as giveaways too to promote leadership of young girls along with some Zonta pens we have in inventory. And, of course, we’ll have literature about our club available to give out.

Below is what was sent out by Lynn to all the Club Presidents in District 1 to share with their members. More information to follow.

Remember, you can receive advocacy alerts from Zonta International on your cellphone: **50457 text Zonta**.
CHILD MARRIAGE

“UNCHAINED AT LAST UPDATE”

When the bill goes into effect in 30 days, New York will become the sixth U.S. state to end all marriage before 18, with no exceptions, joining Delaware, Minnesota, New Jersey, Pennsylvania and Rhode Island. That means we have "only" 44 states to go in our national movement to end child marriage in the U.S.

It's a good day for girls in New York. Now let's do the same for girls in another 44 states. #18NoExceptions
